AMERICA'S EXPOSITION OF WONDERS,

Museum, Menagerie and Champion Circus

## THE BULLETIN.

NORICK is hereby given that I will pay no bills for goods sold to any of the employees of THE CAIRO BULLETIN, either or themselves or for the use of the office unless the same are furnished on an order signed by Mr. Barnett or myself.

12-20-ly JOHN H. OBERLY.

STEVE ANSELMENT, the bar-keeper, has opened a fine saloon in Louis Blatteau's old stand, where can be found, at all times, Steve serving his customers with the best of drinkables.

11-22-ly

MR. GEO. STEINHOUSE, barber and hairdresser, corner of Eighth street and Commercial avenue, desires to call the attention of the bearded community to his newly arranged saloon, and the fact that he is master of his profession in all its branches. He has bearded many a lion in his den, and will do more.

11-22-ly

EVOLUTION SMASHED.

The Rev. Turney is exultant at the fall of Dr. Thompson to fish up from the bottom of the sea-tadpole proof of Darwinism. Had Thompson (with a P) analyzed the Averill Chemical Paint, he would have found "confirmation strong as holly wood" that no tadpole wiggles its tail therein, and it was an entirely new creation of man's inventive genius, as much superior to any other paint as man is exalted above the inferior animals. Of this scientific truth the citizens of Cairo are rapidly becoming convinced. For sale mixed ready for use, in purest white and all colors, by N. E. Way & Co., general commission merchants, and agents for the Iron Buggy Co., Sixth street, between Commercial and Washington avenues.

11-17-ly

DUNHAMS YEAST POWDER for purity and strength is unequalled. All who use it like it and recommend it to their neighbors.

11-17-ly

THE FURNITURE FACTORY AND SALESROOMS.

Wm. Elchoff, proprietor of the furniture factory and salesrooms, corner Washington avenue and Seventeenth street, has always on hand a complete stock of all kinds of furniture, which is enabled to sell on better terms than any other dealer in the city. He invites public attention to this fact, and solicits a call from all desiring to purchase furniture.

Mr. Elchoff proposes on the 21st inst., or about that date, to add to his business another department—the manufacture of cane-seat chairs. He is now negotiating with and has already secured the services of some of the best of workmen in this line, and will also give to this department his own attention and care. Persons having cane chairs, out of which the seats have been worn, can have them recaned now, by sending in their orders to the factory on Washington avenue. Old cane-seat chairs can be made just as good as new at a trivial cost.

5-11-ly

THE GALES OF ARABY.—Are not spicer than the aroma which the fragrant SOZODON imparts to the breath? Nor is the heart of the ivory not whiter than the teeth that are cleaned daily with that matchless fluid?

5-14 d &amp; w l-w.

A WARNING.—When the cyclopean furnaces raging beneath Vesuvius are about to hurl forth a molten sea of fire, the earth trembles and the inhabitants flee for safety; likewise when disease is announced by the avant courier, pain, we should provide at once the great Antidote, Dr. McCabe's Tonic Cordial and System Renovator, and guard well the citadel of life.

5-14 d &amp; w l-w.

BEST EVIDENCES OF REAL MERIT.—That Dr. Price's CREAM BAKING Powder and special Flavorings, LEMON VANILLA, etc., are used by the Sherman, Tremont, Palmer, Plankington, Newhall, and all the first-class Hotels in the west, also by the United States government, is the best evidence of their real merit. Inferior adulterated manufactures receive no support from such sources. Articles endorsed by the best judges in this country, that nothing of the kind yet produced can compare with them in purity and strength, they should be the only ones used by housekeepers.
